

CUTTING INSTRUCTIONS: From small pieces or scraps, cut 3 1/2 x 5 in. rectangles. You will need 54 of these for the version with borders, and 96 of these for the version without borders.

See below for the dimensions to cut for the borders.

How it's done:

Cut 3 1/2 in. strips from the width of the fabric. Cut several strips from several coordinating fabrics. Subcut each strip into 3 1/2 x 5 in rectangles. You may also choose to use small pieces or scraps of fabric and make this totally scrappy.

Sew 3 rectangles together along the 5 in. side. Repeat to make 18. Now sew two of these units together to form nine 9 1/2 in. squares.

Sew the squares together in rows of 3 squares, turning each block one quarter turn.

If you wish to make it without borders, make 16 squares and omit the directions below.

Inner border:

Cut 2 strips 1 1/2 inches by 27 1/2 for top and bottom borders. Sew into place.
