

Neo Natal Quilt Pattern: 2 Rectangle Block

Cut 25 $4\frac{1}{2}$ by $8\frac{1}{2}$ inch rectangles of two different colors (50 total). Sew two rectangles, one of each color, together to form a square block. Sew rectangular blocks together, rotating every other block as illustrated. Depending on the width of the fabric, you will need approximately $\frac{1}{2}$ to $\frac{3}{4}$ yard of the two fabrics.
